Please refer to our Personal Account Agreement & Disclosure for full details on all consumer products and services, truth-in-savings disclosures, and early withdrawal penalties that may apply to certificates. Terms and conditions subject to change. All fees are per occurrence unless otherwise stated.

¹Insufficient Funds Charge (NSF) or Unavailable Funds Charge (UCF) fees continue to apply to checks or pre-authorized electronic transactions we pay into overdraft at our discretion, under the terms of your account agreement (up to a maximum of five fees per business day for consumer accounts). If your account's available balance as of noon Pacific Time the day after any item(s) is rejected is enough to cover the prior business day's rejected item(s), the pending NSF/UCF fees for that item(s) will be reversed. If your available balance as of noon Pacific Time the business day after your item(s) is rejected is enough to cover some, but not all, of the prior business day's overdraft item(s), we'll apply your available balance to the transactions in the order that they posted to your account. Any transactions not covered by noon Pacific Time on the next business day are subject to applicable NSF/UCF fees. An NSF or UCF fee is forgiven and not charged if the account is overdrawn by \$10.00 or less. All deposits and transfers are subject to California Credit Union's Funds Availability Policy. Deposits made via check are subject to holds and may not be available to pay the returned item. Fees are not reversed if we pay your checks or pre-authorized electronic transactions (ACH) through Standard Overdraft or Courtesy Pay Service.
