“We were excited to see so many promising students participate in our program this year and hope these scholarships will make the road to a college education just a little bit easier,” said California Credit Union CEO Steve O’Connell. “We are proud to recognize these students not just for their hard work in school, but also for their commitment to supporting their local communities. We wish all these inspiring students the very best of luck in their future education and careers.”

College-bound high school seniors and community college students transferring to a four-year university who maintain a minimum grade point average of 3.0 and plan to attend an accredited college or university in the coming year were eligible to participate. This year, the credit union’s Scholarship Program received 800 applications, which were reviewed by a Scholarship Committee consisting of credit union staff who selected the award recipients.

The California Credit Union Annual College Scholarship program was created in 2005 to recognize outstanding students within its local communities. Since the creation of the program, the credit union has awarded more than \$375,000 in scholarships to students across Los Angeles, Orange, Riverside, and San Diego counties.
